Ithaca Wal-Mart/Big Box Living Wage Petition

- Whereas a living wage in Tompkins County is $19,102 for a single person plus health insurance (AFCU, 2004)
- Whereas employers paying less than a living wage impose a tax burden on the community to provide health and other services for low-wage workers
- Whereas many full-time cashiers, sales associates and other non-managerial employees of Wal-Mart earn less than $16,000/year (some earn less than $13,000!)
- Whereas Wal-Mart, with $10,000,000,000 in profit during 2004 alone, is a company that can afford to do better
- Therefore, I urge Wal-Mart to ensure that all full-time employees are paid no less than a living wage or $19, 102 for the year plus health insurance.
